SUMMARY

Quality Assurance engineer with approx. 1 year of experience in mobile banking and fintech, across both manual testing and test automation. Currently testing Livin' by Mandiri across regression, smoke, User Acceptance Testing (UAT) and backward-compatibility cycles: 10+ production releases and 5,000+ test cases in a 16-person QA team. Previously end-to-end QA at Home Credit Indonesia on HCI–OPPO projects, running daily UAT meetings with OPPO Mainland, with first exposure to test automation using Selenium and Katalon. Builds and tests his own side projects with Playwright, Next.js and TypeScript to keep his testing honest.

EXPERIENCE

IT Quality Assurance Jun 2026 – Present
PT Bank Mandiri, Jakarta

- Tested 10+ releases of Livin' by Mandiri (KSM Emas, Bullion gold savings, Deeplink/Universal Link, security integration) across regression, smoke, UAT and backward-compatibility cycles.
- Executed 5,000+ test cases within a 16-person QA team; reported and tracked defects in JIRA.
- Verified API behaviour with Postman and SQL during release testing.

IT E2E QA Intern Oct 2025 – Apr 2026
Home Credit Indonesia, Jakarta

- Ran SIT, UAT, smoke and regression testing for HCI–OPPO projects, including AVANTO (estimated project impact >IDR 3 billion).
- Wrote test scenarios and test cases, carried them through review and approval, and ran daily UAT meetings with OPPO Mainland on test progress, findings and clarifications.
- Gained first exposure to test automation with Selenium and Katalon; queried test data with SQL.

Information Systems Development Intern Jan 2024 – Feb 2024
National Land Agency (BPN), Bogor Regency

- Tested internal information systems used by agency staff.
- Wrote the accompanying user documentation.

EDUCATION

Diponegoro University — B.Eng. Computer Engineering Graduated Jul 2025
