SUMMARY

QA engineer with approx. 1 year of experience in mobile banking and fintech. Currently testing Livin' by Mandiri across regression, smoke, UAT and backward-compatibility cycles: 10+ production releases and 5,000+ test cases in a 16-person QA team. Previously end-to-end QA at Home Credit Indonesia on HCI–OPPO projects, running daily UAT meetings with OPPO Mainland. Works with JIRA, TestRail, Confluence, Postman and SQL; automation exposure through Selenium, Katalon and Playwright coursework. Builds and tests his own side projects to keep his testing honest.

EXPERIENCE

IT Quality Assurance (Contract) Jun 2026 – Present

Mandiri International Technology (PT Bank Mandiri), Jakarta

- Tested 10+ releases of Livin' by Mandiri (KSM Emas, Bullion gold savings, Deeplink/Universal Link, security integration) across regression, smoke, UAT and backward-compatibility cycles.
- Executed 5,000+ test cases within a 16-person QA team; reported and tracked defects in JIRA.
- Verified API behaviour with Postman and SQL during release testing.

IT E2E QA Intern Oct 2025 – Apr 2026

Home Credit Indonesia, Jakarta

- Ran SIT, UAT, smoke and regression testing for HCI–OPPO projects, including AVANTO (estimated project impact >IDR 3 billion).
- Wrote test scenarios and test cases and carried them through review and approval.
- Ran daily UAT meetings with OPPO Mainland on test progress, findings and clarifications.
- Gained first test-automation exposure with Selenium and Katalon; queried test data with SQL.

Information Systems Development Intern Jan 2024 – Feb 2024

National Land Agency (BPN), Padang

- Tested internal information systems used by agency staff and wrote the accompanying user documentation.

EDUCATION

Diponegoro University — B.Eng. Computer Engineering Graduated Jul 2025

Faculty of Engineering · GPA 3.73/4.00
